PN-LC862 / PN-LC752 / PN-LC652

4K Ultra HD	**Landscape**	**450 cd/m²**	**1,200: 1**	**1.07 billion colours**	**16 / 7**
Resolution	Installation	Brightness	Contrast Ratio	Display Colours	Continuous Operation

65"   75"   86"

**20 Multi-Touch Points**

4K 4K Ultra HD Resolution

USB-C / HDMI / VGA Connectors

OUTSTANDING FEATURES:

Multi-touch Screen
Write directly on the interactive screen with multi-touch technology, allow contact up to 20 simultaneous touch points at the same time without any gap, Zero Bonding.

Smart Interactive Software (Touch Viewing)
Leverage the power of Touchview software to collect, manipulate, and organize files directly on the screen without the need to open separate applications, saving time and enhancing productivity.

Dual Tip Passive Pen x 2
The special pen features two tips (8mm and 3mm), allowing you to use it as two different writing tools without needing to switch or interrupt your workflow. Easily switch between two colors without changing settings.

*1 Without glasses. Brightness depends on the input mode and other picture settings. Brightness level will decrease slightly during product use.
Due to physical limitations of the device, it is not possible to maintain a constant exact brightness level.
*2 The touch sensor around the LCD panel is not included.
*3 Approximate distance at which the glass panel can withstand the impact of a 500 gram iron ball dropped on its center.
*4 Use a commercially available connection cable for PC and other video connections.
*5 The AC power cord is an input type. The cable is bundled (3 pins).
*6 Temperature conditions may change when the monitor is used with an optional device. In such cases, check the temperature conditions specified by the optional device.
*7 Check the requirements of the computer and other connected devices and make sure that all requirements are met.

The design and specifications are subject to change without notice. For further information, please contact our sales representatives.
