Backlit keyboard

PRODUCT HIGHLIGHTS

Power through Your Day with Style
Weighing just a little over 1kg, Dynabook's new X series features the latest generation of Intel® Core™ U Series processors and DDR4 and PCIe SSDs for a powerful performance within a slim and lightweight design. The powerful performance is supported by Dynabook's Hybrid Air Cooling System where two air inlets are used to maintain an optimum device temperature. Couple these with a long battery life and a Quick Charge feature that allows you to recharge up to 4 hours from a 30 min charge, the X Series serves to be the ideal choice for every on-the-go business professional.

Security from the Inside Out
Security threats are constantly evolving and imminent. Dynabook's own BIOS, and two-factor authentication which includes IR based Windows Hello and a built-in SecurePad with fingerprint reader, helps to protect your business-critical data from falling into the wrong hands. The optional Smart Card reader adds another layer of protection for your peace of mind.

Standing the Test of Time
Backed by more than 30 years of experience in business laptops, the X series is well-poised to meet the desired performance level of the most complex business tasks. Dynabook's X-series is subjected to H.A.L.T (High Accelerated Life Test) and military standard MIL-STD-810G testing to ensure the physical durability for your business needs.

Content that Fills the Room
Every business meeting is a chance to impress, which is why the X series is well-equipped with the necessary gear to do your presentation justice and help you close that business deal, be it in a physical or virtual setting. With Harman/ Kardon speakers with DTS® sound producing quality audio, and the optional addition of a Toshiba Thunderbolt 3 dock to connect your presentations to dual screens in stunning 4K resolution, the X series delivers stunning audio-visual performance in a meeting room. The IR-camera and two noise-cancelling microphones helps to facilitate a seamless video conferencing experience.
